

SCHOOL DEVELOPMENT PLAN

Priority 1

We are going to help you to practice using numbers everywhere in school, as well as you use them in Maths lessons.

Priority 2

We are going to work together to create amazing learning that will help develop the things you know and the things you can do. Things will keep getting more challenging and exciting, so you will always learn new things.

Priority 3

We are going to work together with everyone who cares about you and school to make sure everyone feels happy, safe and like they belong.
